## WORKSHOP OUTLINE

### Dmitry Fesechko

#### Introduction to Oil Painting

**Saturday October 19**  
**10:30-15:30**

**Skill Level: All levels**

**Price: €60 (75mm scale model by Irbis Miniatures and some brushes included!)**

This 5 hour class is a brilliant opportunity to try new techniques and tools. The main purpose of this workshop is to teach participants how to work with oil paints. This is a very unique and special medium that is quite hard to understand without mentoring. But it gives a lot of opportunities and can speed up your working process. The class is taught by a teacher that uses almost only oils to create his pieces, so he has plenty of experience.

Items that students are required to bring with them –

- plastic sheet/wooden board of size about 15x15cm to use as a palette
- small jar for diluent. (artistic metal jar or simple wide bottle cap can be used)
- some container to put the model after the workshop, the paint would be fresh and undried, so you will need to fix the model!
- A desk lamp is not essential but can be handy.

**The students will receive a 75mm miniature to practice on & some brushes.**

The SMC organizers will provide some small materials like water cups, paper towels, etc.

**We do not provide extension cords.** Please bring your own, and remember that we have Euro plugs and 230V. So for non EU-participants it might be necessary to bring a plug adapter.
