

# Scale Model Challenge 2019

## WORKSHOP OUTLINE

### Tue Kaae

#### Material tricks

**Sunday October 20**

**10:30-15:30**

**Skill Level:Advanced**

**Price: € 50**

This is a practical workshop focusing on getting the most out of the materials we often use.

You'll learn to better work with epoxy clays and plastic, working with metal foil and wires as well as other techniques for detailing and construction.

We'll start every segment with a live demonstration and then work on individual pieces. The workshop will be centred around building a scenic base. This is done to have a forgiving basis to learn the different techniques that can then be applied to your own projects.
