For this edition of the SMC, the workshop is all about Minas Tirith / Fantasy.

During the workshop, the participants can build a house in this style. To speed up the building, there are a few example houses for the participants to choose from. The project can also be decorated with wooden windows, doors, glass and roof tiles. These will be made available during the workshop.

Students can bring their own desk lamps, but a desk lamp or any additional lighting is not essential.

We provide power strips **but we do not provide desk lamps or extension cords**. Please bring your own, and remember that we have Euro plugs and 230V. Check if your electronic devices require a plug adapter.
