

# SMC Academy Workshop Outlines Robert Karlsson

## **Title: What, how and why?**

**Saturday and Sunday February 22-23, 2025**

**10:00-17:00**

**Skill Level: All levels**

**Ticket Price: € 260**

**Ve -bust included in the price**

The purpose of this class is to guide students through any questions they may have regarding their painting. My philosophy is to ask the students these questions: what, how, why and to have a dialogue without dictating every move. This way we can reflect and compare ideas, thoughts within the students themselves, with my guidance.

Rather than learning straight up methods for NMM or how to paint skin....I ask what the students want to get better at and how we can develop this further.

The particular bust we are painting is dictating the subjects a bit, its leather, NMM, skin. But that's not all, how can we tie these materials, parts together in a way that makes sense, harmony, ambience?

We will have a deep dive into these and talk about options for these materials, how to paint them in a decent realistic way.

## **Students should bring:**

- Acrylic paints (whatever you feel comfortable with) Vallejo, Reaper, Kimera etc
- Brushes
- Desk lamp
- Palette (I use a wet pallet)
- Miniature holder (will be provided a "pipe" for the bust) Holder or plinth has to be provided by students.
- Glue and tools for models in general

The SMC organizers will provide some small materials and disposables, like water cups, paper towels, etc.
