Painting a 1/35 scale phase shouldn't feel like a gamble. Calvin developed the 'Skin tones -made easy' set to provide a structured, fail-safe path to realistic results.

In this 3-hour workshop, he'll show you how to use this 6-tone system to build depth and life into your miniatures, and will teach you the tricks he uses to achieve competition-level detail with minimal stress.

Whether you're picking up a brush to paint a figure for the first time or you're looking to sharpen your professional edge, Calvin will demonstrate you that the 'secret' isn't just in the hand . It's in the system. Join Calvin and let's make your next project your best one yet!

Students should bring brushes, a pallet and a painting lamp.

The SMC organizers will provide some small materials and disposables, like water cups, paper towels, etc.

We provide power strips **but we do not provide desk lamps or extension cords**. Please bring your own, and remember that we have Euro plugs and 230V. Check if your electronic devices require a plug adapter.
